FUNDING SOURCE: Transit Fund

EXPENDITURE ACCOUNT: 116-490-549-3400

HISTORY/FACTS/ISSUES:

As the Community Transportation Coordinator, The Board of Sumter County Commissioners is permitted to enter into contract with transportation agency/operators to provide public transportation services for transportation disadvantaged passengers of Sumter County. The attached contract with Leopard Transport, Inc. is recommended as an after-hour, holiday, weekend, non-emergency transportation service. Leopard Transport, Inc., is one of two non-exclusive providers that will provide early morning, late evening, and Saturday dialysis transports, provide weekend and holiday transports, as well as before and after-hour Medicaid transportation services. It is recommended the contract extension be for 9 months at the rates on page 9 of Attachment (1), which will be locked in during the period. This will allow sufficient time for the County to investigate operational options in the private transportation market.
